Table B Capital within the ADI

The elements of the regulatory capital as set out above are as follows,

CAPITAL INSTRUMENTS WITHIN THE ADI

The regulatory capital in the credit union comprises:

- Retained Earnings and
- General reserve for Credit Losses
- Capital Reserve Account
- Other Reserves
- Member Investment Shares

There are no other capital instruments (shares, debt instruments) issued by the ADI.

Member Investment Shares (MIS)

Member Investment shares are classified as equity. Costs directly attributable to the issue of new shares or options are shown as a deduction from the equity proceeds, net of any income tax benefit. The MIS are transferable but are not listed on the Australian Securities Exchange or any other public stock exchange. MIS have no maturity date and investment shareholders have no right or option to demand their repayment. MIS are issued at a fully paid value of \$10.00 per share.

CAPITAL REQUIREMENTS

Capital requirements for SWSCU are determined by the risk weights of the relevant assets held, with the minimum required capital to be over 8% of risk weighted assets. The current level of capital as at 30 June 2021 is 19.35%.

The risk weighted assets for each asset grouping as set out in the table below is determined by APRA Prudential Standard APS 112. These are prescribed risk weights to measure the level of risk based on the nature and level of security supporting the assets recovery.

The risk weighted assets held as at the end of the quarter ended 30 June 2021 is described in Table 3.

APS 330 INTERIM FINANCIAL REPORTING 30 June 2021
Public Disclosure requirements for all locally incorporated ADIs - QUARTERLY

The capital held by SWSCU exceeds the policy and minimum capital prescribed by APRA Prudential standards. The excess may facilitate future growth for SWSCU.

The capital ratio is the amount of capital described in Table 3 divided by total risk weighted assets

IMPAIRMENT OF ASSETS

CREDIT RISK — INVESTMENTS

Surplus cash not invested in loans to members are held in high quality liquid assets (HQLA)/Minimum Liquidity Holdings (MLH) or other investments according to SWSCU's Liquidity Policy. This includes the funds required to be held to meet withdrawal of deposits by members. SWSCU uses the ratings of reputable ratings agencies to assess the credit quality of all investment exposures, where applicable, using the credit quality assessment scale in APRA prudential Guidance in APS112. The credit quality assessment scale within this standard has been complied with. The table 4a below excludes equities and securitisation exposures. Securitisation exposures are set out in the table 5 that follows. The exposure values associated with each credit quality step are as follows in Table 4a.

Remuneration	
(a)	The Remuneration Committee consists of 3 directors (Mr Adrian Hanrahan, Mr Allan Stuart and Mrs Elke Cleverdon) who are responsible for assessing any movements in remuneration levels and making recommendations to the Board on Board remuneration levels, for subsequent consideration by members. The Board has currently chosen to utilise the latest available “Non-Bank Financial Institutions – Remuneration Surveys” provided by McGuirk Management Consultants Pty Ltd as a basis for determining proposed Director and management remuneration levels. The Board however, retains the discretion to engage alternate and/or additional resources or consultants to research any potential market relativity movements. There are five Executive Staff (Senior Management) included as per the prudential standard including Chief Executive Officer (1), Chief Finance Officer (1), Chief Operations Officer (1), Chief Risk Officer (1) and Loans Manager (1). There are no material risk takers.
(b)	Objectives of the remuneration policy include ensuring that the Credit Union’s remuneration arrangements align with its circumstances and advance the Credit Union’s mission of serving its members, compliance with the Prudential Standard in relation to its remuneration arrangements and, in particular, that performance based components of remuneration and promote a responsible remuneration culture that enables the Credit Union to engage and retain suitable staff, while also encouraging positive performance and contributions from all employees. The Credit Union recognises the special position of its risk and financial control personnel in carrying out their functions; particularly, in implementing and monitoring the Credit Unions risk management system. In addition to the other requirements of this policy, the remuneration of risk and financial control personnel must not compromise the independence of these personnel in carrying out their functions.
(c)	<p>Risk mitigation - Currently No Performance Components Paid</p> <p>The Credit Union’s policy is to mitigate the risk that the remuneration of employees may conflict with the objectives of this policy by:</p> <ul style="list-style-type: none"> • limiting the performance component of Senior Management’s (as detailed in part (a) above) remuneration to a maximum of 5% of their total remuneration cost (TRC) and all other individuals to 5% of their gross annual salary amount; • making the payment of any performance based component of remuneration entirely discretionary by the Credit Union; • not considering the payment of any discretionary remuneration until the end of the relevant financial year statements have been audited and accepted by the board; • reviewing all employment contracts against the objectives of this policy with a view to renegotiating them when next due to be renewed or extended.
(d)	Performance measures used during the measurement period include but not limited to Customer Satisfaction, Return on assets, Growth (Assets, Loans & Deposits), Delinquency, Liquidity, Capital Adequacy, and Profitability. Payment of any performance based component of remuneration is entirely discretionary by the Credit Union for institution-wide targets and individual performance separately and are only payable if targets have been achieved.
(e)	There is no deferral or vesting of variable remuneration
(f)	

	Cash based bonuses are the only form of variable remuneration that the credit union has paid in the past to a maximum of 5% of gross package, consistent across all employees.
